

Assignment No.: 1

Problem Statement

Case study: Before coding of the website, planning is important, students should visit different websites (Min. 5) for the different client projects and note down the evaluation results for these websites, either good website or bad website in following format.

Sr. No	Website URL	Purpose of Website	Things liked in the website	Things disliked in the website	Overall evaluation of the website (Good/Bad)

From the evaluation, students should learn and conclude different website design issues, which should be considered while developing a website.

Evolution Results of Websites

Sr. No	Website URL	Purpose of Website	Things liked in the website	Things disliked in the website	Overall evaluation of the website (Good/Bad)
